**National Health Service Corps**

**State total awards \$936,694**

As a result of the historic investments through the Affordable Care Act and the American Recovery and Reinvestment Act, the number of clinicians in the National Health Service Corps (NHSC) are at all-time highs with nearly 8,900 Corps clinicians providing care to more than 9.3 million people who live in rural, urban, and frontier communities. The NHSC repays educational loans and provides scholarships to primary care physicians, dentists, nurse practitioners, physician assistants, behavioral health providers, and other primary care providers who practice in areas of the country that have too few health care professionals to serve the people who live there.

Currently in your state 39 clinicians are caring for people who live in areas where health care is hard to find, which are known as Health Professional Shortage Areas (HPSAs).<sup>1</sup>

- >> 22 provide primary medical care
- >> 6 provide dental care
- >> 11 provide mental health care
- >> 14 are working in urban areas
- >> 22 are working in rural communities†
- >> 17 health care job vacancies are NHSC-eligible

## Health Professions Workforce

**State total active grants \$4,193,011 to 5 grantees, through 9 grants**

Health professions training programs increase access to health care through the development, distribution and retention of a diverse, culturally competent health workforce that can adapt to the population's changing health care needs and provide the highest quality of care for all. Health professions programs support health professions schools and training programs in medicine, nursing, dentistry and public health. Grant recipients are health professions school and training programs.

### **Awarded HRSA Grants:**

- >> FY2014\*\*: \$2,084,804 total funding, to 5 grantees, through 8 grants

## Healthcare Systems

**State total active grants \$594,000 to 1 grantee, through 1 grant**

Grant programs promote organ donation and poison control centers and help States expand access to affordable health care coverage. Other programs that improve State and local health care include the national systems that:

- >> Allocate donated organs for transplantation; 69 residents in Region VIII received transplants in 2009
- >> Match bone marrow donors with recipients
- >> Maintain cord blood banks
- >> Make discounted drugs available to 167 participating providers in South Dakota through the 340B program
- >> Compensate individuals harmed by vaccines or measures taken to counter pandemics and other threats

## Shortage Designation

HRSA designates Health Professional Shortage Areas (HPSAs), which are designated based on requests that demonstrate these areas meet the criteria for having too few health professionals to meet the needs of the population. HRSA also designates Medically Underserved Areas (MUAs) and Medically Underserved Populations (MUPs); areas in which there is a shortage of personal health services or include groups of persons who face economic, cultural or linguistic barriers to health care.

HPSAs, MUAs and MUPs are used to determine eligibility for a number of government programs.<sup>2</sup>

### **Currently your state contains:**
